

Terms for Hosting a TEST DRIVE GAMES Game Party

Here's our plan for how game parties will work. From this point forward, the words "we," "us" and "our" refer to TEST DRIVE GAMES.

Each guest will receive our standard discount of 10% off retail price for buying one product, 20% off retail price for buying two or more products. Guests will have to pay Pennsylvania sales tax on all sales made at parties held within Pennsylvania.

Payments may be made to us in cash or personal checks made out to TEST DRIVE GAMES. We must receive all orders and payments within two weeks after the date of the party. The host may continue to take additional orders and payments from guests up until the two-week deadline. Alternatively, the host may declare the party "closed" at any point before then. After the party is closed, additional orders and payment will not be accepted.

Within one to two weeks after we receive the payment, we will deliver to the host all ordered games that we have in stock. Some games might be special-order items and could take longer to get. We'll let you know if that's the case. Game manufacturers generally ship promptly, but we have no direct control over how long it will take to receive special-order games. Special-order items will not hold up our delivery of in-stock games. The host is responsible for making arrangements to turn the games over to the guests.

If the party generates \$50 or more in game sales to guests*, the host gets a \$20 credit from us. This credit may be used just like cash toward the purchase of any product we carry.

Additional benefits may accrue to the host, depending on the sales to guests* that were generated during the party, as described in the table below:

Sales to Guests* (US\$)	Host's Discount for Buying 1 Game	Host's Discount for Buying 2 or More Games
Up to 149.99	10%	20%
150.00 – 249.99	10%	25%
250.00 – 349.99	15%	25%
350.00 – 449.99	15%	30%
450.00 or more	20%	30%

There's one more benefit that a host can receive. If you're a host and one of your guests later hosts a game party, you'll receive a 50% discount on any one game that we carry.

* The host's purchases don't count toward this total.
